

Patented Magnetic Gel Technology

Set-Up, Care and Important Safety Cautions

Set-Up

1. Remove contents from box and check for any damage such as scratches punctures or gouges. If the magnetic wellness products is damaged in any way, do not use.
2. **Magnetic Soles Trimming:** Using a pair of scissors, you may make an optional paper template of the shoe you wish to fit before you trim your insole down to the pre-marked guidelines. Be careful not to cut into the magnetic reservoir which would damage the structure of the magnets. Allow it to curl up the inside of your shoe.
 - Place the insole into your shoe, either on top or underneath your existing insole. Our insole can be inserted with the logo either up or down.
 - Your **Magnetic Soles** are now ready for use.

Care

1. Dry **Magnetic Soles Wellness Products** with towel after use.
2. Surface clean using a damp cloth with baking soda or a mild detergent or hand wash using warm water with baking soda or a mild detergent.
3. Do not place in direct contact with watches, CDs, audio/video tapes, debit/credit cards, portable electronic equipment, etc.
4. Do not place in direct sunlight or expose insoles to an excess of 150 degrees F (65 degrees C).
